The Week # indicates that week of the month that you need to shovel.

The only areas that need to be shoveled are the sidewalk along the west side of the building, the ramp, the elevator entrance, and the front steps and sidewalk. If it is your week and service time to shovel and there happens to be snow, please try to have sidewalks clear by the time specified.

Please talk to the person you are scheduled with to coordinate a time that both of you will show up to work. A team effort will make the work easier on everyone. If you are not able to make it to shovel, please contact your shoveling partner and if possible trade with someone else on the schedule.

There are snow shovels and ice melt at the church, but you are welcome to bring your own shovel or snow blower.

Thank you for your willingness to serve in this area.

Rich Lindemann
